THANK YOU FOR USING THIS DRUM LIFTERS. FOR YOUR SAFETY AND CORRECT OPERATION, PLEASE CAREFULLY READ THIS INSTRUCTION BEFORE USING IT.

NOTE: All of the information reported herein is based on data available at the moment of printing. The factory reserves the right to modify its own products at any moment without notice and incurring in any sanction. So it is suggested to always verify possible updates.

1. FIGURE AND SPECIFICATION

1.1 Figure

1.1.1 Manual Type LM800

1.1.2 Geared Type LG800

1.2 Specification

Model	Length (mm)	Width (mm)	High (mm)	Diameter (mm)	Net Weight (kg)	Capacity (lbs)
LM800	890	687	200	φ572	20	800
LG800	940	838	225	φ572	45	800

2. PART NAME

- (1) Lifter frame
- (2) Hoop
- (3) Clamp
- (4) Rotator assembly
- (5) Geared driver assembly
- (6) Chain wheel

3. WARNING

- (1) Do not overload this drum lifter beyond its rated capacity, drum must be clamped at the center position to avoid causing damage.
- (2) Do not stand under the drum lifter or when it is moving.
